Grade 3 ELA Question Bank

Topic 2: Literature and Reading Comprehension

150 multiple-choice questions • 50 Easy • 50 Medium • 50 Hard

Standards alignment: Common Core Grade 3 Literature (RL.3.1–RL.3.10). Skills include text evidence, recounting events, theme, character traits and motivation, setting, sequence, inference, and story structure.

Instructions: Read each passage carefully and choose the best answer.

Easy Questions (50)

Passage: The Lost Lunchbox

Before recess, Ava could not find her yellow lunchbox. She checked her desk and cubby, then asked her friend Eli to help. They found it on the reading rug, where Ava had left it during morning story time. Ava thanked Eli and put the lunchbox in her backpack.

1. Who is the main character or group in “The Lost Lunchbox”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Ava

2. Where does the main part of “The Lost Lunchbox” take place?

A. at an airport
B. in a hospital
C. her classroom
D. on a mountain trail

3. What problem or challenge is described in “The Lost Lunchbox”?

A. A celebration is canceled for no reason
B. Ava cannot find her lunchbox
C. The characters cannot remember their names
D. A storm destroys the school

4. How do the character(s) respond to the problem?

A. Ava and Eli search the classroom
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

5. What happens by the end of “The Lost Lunchbox”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. They find the lunchbox on the reading rug

6. Which trait best describes the main character(s) in “The Lost Lunchbox”?

A. careless
B. unfair
C. Grateful
D. dishonest

7. What lesson is best supported by “The Lost Lunchbox”?

A. It is best to give up immediately
B. Asking for help can solve a problem
C. People should never listen to others
D. Every problem has the same solution

8. Which detail is specifically included in “The Lost Lunchbox”?

A. yellow lunchbox
B. a silver crown
C. a broken window
D. a lost passport

9. Which event happens earlier in “The Lost Lunchbox”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. morning story time

10. What is the most reasonable inference from “The Lost Lunchbox”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to ava cannot find her lunchbox
D. The events have no connection

Passage: The Seedling

Omar planted a bean seed in a small pot. He placed it near a sunny window and watered it every morning. After several days, a green shoot appeared. Omar drew the plant in his notebook and decided to keep caring for it.

11. Who is the main character or group in “The Seedling”?

A. the school principal
B. Omar
C. a visiting author
D. a group of strangers

12. Where does the main part of “The Seedling” take place?

A. near a sunny classroom window
B. at an airport
C. in a hospital
D. on a mountain trail

13. What problem or challenge is described in “The Seedling”?

A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. Omar is waiting for his seed to grow

14. How do the character(s) respond to the problem?

A. They ignore it completely
B. They blame someone without checking
C. He waters the seed and gives it sunlight
D. They leave and never return

15. What happens by the end of “The Seedling”?

A. The problem becomes worse and is abandoned
B. A green shoot appears
C. The characters forget what happened
D. Nothing changes at all

16. Which trait best describes the main character(s) in “The Seedling”?

A. Patient
B. careless
C. unfair
D. dishonest

17. What lesson is best supported by “The Seedling”?

A. It is best to give up immediately
B. People should never listen to others
C. Every problem has the same solution
D. Regular care helps living things grow

18. Which detail is specifically included in “The Seedling”?

A. a silver crown
B. a broken window
C. green shoot
D. a lost passport

19. Which event happens earlier in “The Seedling”?

A. the final outcome
B. planted a bean seed
C. the characters celebrate the solution

D. the problem is fully resolved

20. What is the most reasonable inference from “The Seedling”?

A. The character(s) learn or act by responding to omar is waiting for his seed to grow
B. The character(s) dislike all activities
C. The setting is imaginary
D. The events have no connection

Passage: The Rainy Game

Lily and her cousins planned to play soccer outside. Just as they reached the field, rain began to fall. They moved into the garage and made a target game with soft balls and empty boxes. Everyone laughed and played until the rain stopped.

21. Who is the main character or group in “The Rainy Game”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Lily and her cousins

22. Where does the main part of “The Rainy Game” take place?

A. at an airport
B. in a hospital
C. a field and a garage
D. on a mountain trail

23. What problem or challenge is described in “The Rainy Game”?

A. A celebration is canceled for no reason
B. Rain stops their soccer game
C. The characters cannot remember their names
D. A storm destroys the school

24. How do the character(s) respond to the problem?

A. They invent an indoor target game
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

25. What happens by the end of “The Rainy Game”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. They have fun while waiting for the rain to stop

26. Which trait best describes the main character(s) in “The Rainy Game”?

A. careless
B. unfair
C. Creative
D. dishonest

27. What lesson is best supported by “The Rainy Game”?

A. It is best to give up immediately
B. A flexible plan can make a difficult moment better
C. People should never listen to others
D. Every problem has the same solution

28. Which detail is specifically included in “The Rainy Game”?

A. soft balls and empty boxes
B. a silver crown
C. a broken window
D. a lost passport

29. Which event happens earlier in “The Rainy Game”?

A. the final outcome

B. the characters celebrate the solution
C. the problem is fully resolved
D. rain began to fall

30. What is the most reasonable inference from “The Rainy Game”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to rain stops their soccer game
D. The events have no connection

Passage: A Seat at Lunch

When a new student, Daniel, entered the cafeteria, he stood beside a table without speaking. Zoe remembered being new herself. She invited Daniel to sit with her group and asked about his favorite games. Soon, Daniel joined the conversation.

31. Who is the main character or group in “A Seat at Lunch”?

A. the school principal
B. Zoe
C. a visiting author
D. a group of strangers

32. Where does the main part of “A Seat at Lunch” take place?

A. the school cafeteria
B. at an airport
C. in a hospital
D. on a mountain trail

33. What problem or challenge is described in “A Seat at Lunch”?

A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. Daniel is alone at lunch

34. How do the character(s) respond to the problem?

A. They ignore it completely
B. They blame someone without checking
C. Zoe invites him to join her group
D. They leave and never return

35. What happens by the end of “A Seat at Lunch”?

A. The problem becomes worse and is abandoned
B. Daniel begins talking with the group
C. The characters forget what happened
D. Nothing changes at all

36. Which trait best describes the main character(s) in “A Seat at Lunch”?

A. Welcoming
B. careless
C. unfair
D. dishonest

37. What lesson is best supported by “A Seat at Lunch”?

A. It is best to give up immediately
B. People should never listen to others
C. Every problem has the same solution
D. Including others can help them feel comfortable

38. Which detail is specifically included in “A Seat at Lunch”?

A. a silver crown
B. a broken window
C. favorite games
D. a lost passport

39. Which event happens earlier in “A Seat at Lunch”?

A. the final outcome
B. Zoe remembered being new
C. the characters celebrate the solution
D. the problem is fully resolved

40. What is the most reasonable inference from “A Seat at Lunch”?

A. The character(s) learn or act by responding to daniel is alone at lunch
B. The character(s) dislike all activities
C. The setting is imaginary
D. The events have no connection

Passage: The Kite

Ravi made a kite from paper and string with his uncle. At the park, the wind lifted it above the trees. The kite dipped once, so Ravi loosened the string and ran into the breeze. Soon it flew steadily, and Ravi grinned with pride.

41. Who is the main character or group in “The Kite”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Ravi

42. Where does the main part of “The Kite” take place?

A. at an airport
B. in a hospital
C. the park
D. on a mountain trail

43. What problem or challenge is described in “The Kite”?

A. A celebration is canceled for no reason
B. The kite dips in the wind
C. The characters cannot remember their names
D. A storm destroys the school

44. How do the character(s) respond to the problem?

A. Ravi adjusts the string and runs into the breeze
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

45. What happens by the end of “The Kite”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. The kite flies steadily

46. Which trait best describes the main character(s) in “The Kite”?

A. careless
B. unfair
C. Determined
D. dishonest

47. What lesson is best supported by “The Kite”?

A. It is best to give up immediately
B. Trying a new approach can help solve a problem
C. People should never listen to others
D. Every problem has the same solution

48. Which detail is specifically included in “The Kite”?

A. paper and string
B. a silver crown

C. a broken window
D. a lost passport

49. Which event happens earlier in “The Kite”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. the kite dipped

50. What is the most reasonable inference from “The Kite”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to the kite dips in the wind
D. The events have no connection

Medium Questions (50)

Passage: The Garden Plan

The class wanted to improve its garden, but some students wanted flowers while others wanted vegetables. Their teacher asked each group to explain its reasons. After listening, the students divided the garden into two sections and agreed to compare how well both grew by the end of the season.

51. Who is the main character or group in “The Garden Plan”?

A. the school principal
B. a visiting author
C. a group of strangers
D. the class

52. Where does the main part of “The Garden Plan” take place?

A. at an airport
B. in a hospital
C. the school garden
D. on a mountain trail

53. What problem or challenge is described in “The Garden Plan”?

A. A celebration is canceled for no reason
B. Students disagree about what to plant
C. The characters cannot remember their names
D. A storm destroys the school

54. How do the character(s) respond to the problem?

A. They listen to reasons and divide the garden
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

55. What happens by the end of “The Garden Plan”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. Both flowers and vegetables are planted

56. Which trait best describes the main character(s) in “The Garden Plan”?

A. careless
B. unfair
C. Cooperative
D. dishonest

57. What lesson is best supported by “The Garden Plan”?

A. It is best to give up immediately
B. Listening and compromise can resolve disagreements
C. People should never listen to others
D. Every problem has the same solution

58. Which detail is specifically included in “The Garden Plan”?

A. two sections
B. a silver crown
C. a broken window
D. a lost passport

59. Which event happens earlier in “The Garden Plan”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. the teacher asked each group to explain

60. What is the most reasonable inference from “The Garden Plan”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to students disagree about what to plant
D. The events have no connection

Passage: The Broken Wheel

On the way to the park, Malik noticed that his bicycle wheel was wobbling. He stopped instead of riding faster. His older sister checked the wheel and found a loose nut. They tightened it with a small tool, tested the bicycle slowly, and then continued to the park.

61. Who is the main character or group in “The Broken Wheel”?
A. the school principal
B. Malik
C. a visiting author
D. a group of strangers

62. Where does the main part of “The Broken Wheel” take place?
A. the route to the park
B. at an airport
C. in a hospital
D. on a mountain trail

63. What problem or challenge is described in “The Broken Wheel”?
A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. A bicycle wheel wobbles

64. How do the character(s) respond to the problem?
A. They ignore it completely
B. They blame someone without checking
C. Malik stops and asks his sister to check it
D. They leave and never return

65. What happens by the end of “The Broken Wheel”?
A. The problem becomes worse and is abandoned
B. They fix the wheel and continue safely
C. The characters forget what happened
D. Nothing changes at all

66. Which trait best describes the main character(s) in “The Broken Wheel”?
A. Careful
B. careless
C. unfair
D. dishonest

67. What lesson is best supported by “The Broken Wheel”?
A. It is best to give up immediately
B. People should never listen to others
C. Every problem has the same solution
D. Stopping to check a problem can prevent a bigger one

68. Which detail is specifically included in “The Broken Wheel”?
A. a silver crown
B. a broken window
C. a loose nut
D. a lost passport

69. Which event happens earlier in “The Broken Wheel”?
A. the final outcome
B. Malik noticed the wobble

C. the characters celebrate the solution
D. the problem is fully resolved

70. What is the most reasonable inference from “The Broken Wheel”?

A. The character(s) learn or act by responding to a bicycle wheel wobbles
B. The character(s) dislike all activities
C. The setting is imaginary
D. The events have no connection

Passage: The Library Search

Nora needed a book about volcanoes for a report. The library shelves were arranged by the authors’ last names, so she checked the book catalogue for the author. She used the shelf label to find the book and wrote down two facts before leaving.

71. Who is the main character or group in “The Library Search”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Nora

72. Where does the main part of “The Library Search” take place?

A. at an airport
B. in a hospital
C. the library
D. on a mountain trail

73. What problem or challenge is described in “The Library Search”?

A. A celebration is canceled for no reason
B. Nora needs to locate a volcano book
C. The characters cannot remember their names
D. A storm destroys the school

74. How do the character(s) respond to the problem?

A. She uses the catalogue and shelf labels
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

75. What happens by the end of “The Library Search”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. She finds the book and records facts

76. Which trait best describes the main character(s) in “The Library Search”?

A. careless
B. unfair
C. Resourceful
D. dishonest

77. What lesson is best supported by “The Library Search”?

A. It is best to give up immediately
B. Using tools and information helps people research
C. People should never listen to others
D. Every problem has the same solution

78. Which detail is specifically included in “The Library Search”?

A. book catalogue
B. a silver crown
C. a broken window
D. a lost passport

79. Which event happens earlier in “The Library Search”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. she checked the catalogue

80. What is the most reasonable inference from “The Library Search”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to nora needs to locate a volcano book
D. The events have no connection

Passage: The Rehearsal

Ethan wanted to read his lines clearly in the class play. During the first rehearsal, he spoke too softly. His teacher suggested that he stand tall, pause at punctuation, and speak toward the back wall. Ethan practiced at home and was easier to hear at the next rehearsal.

81. Who is the main character or group in “The Rehearsal”?

A. the school principal
B. Ethan
C. a visiting author
D. a group of strangers

82. Where does the main part of “The Rehearsal” take place?

A. the classroom stage
B. at an airport
C. in a hospital
D. on a mountain trail

83. What problem or challenge is described in “The Rehearsal”?

A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. Ethan’s voice is too quiet

84. How do the character(s) respond to the problem?

A. They ignore it completely
B. They blame someone without checking
C. He follows advice and practices
D. They leave and never return

85. What happens by the end of “The Rehearsal”?

A. The problem becomes worse and is abandoned
B. His classmates can hear him better
C. The characters forget what happened
D. Nothing changes at all

86. Which trait best describes the main character(s) in “The Rehearsal”?

A. Hardworking
B. careless
C. unfair
D. dishonest

87. What lesson is best supported by “The Rehearsal”?

A. It is best to give up immediately
B. People should never listen to others
C. Every problem has the same solution
D. Practice and feedback can improve a skill

88. Which detail is specifically included in “The Rehearsal”?

A. a silver crown

B. a broken window
C. pause at punctuation
D. a lost passport

89. Which event happens earlier in “The Rehearsal”?

A. the final outcome
B. the first rehearsal
C. the characters celebrate the solution
D. the problem is fully resolved

90. What is the most reasonable inference from “The Rehearsal”?

A. The character(s) learn or act by responding to ethan’s voice is too quiet
B. The character(s) dislike all activities
C. The setting is imaginary
D. The events have no connection

Passage: The Missing Birdseed

Every morning, Grace filled a feeder outside her window. One day the feeder was empty by noon. She noticed small tracks below it and watched from indoors that evening. She saw a squirrel climb the post, so she moved the feeder away from the tree and added a baffle.

91. Who is the main character or group in “The Missing Birdseed”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Grace

92. Where does the main part of “The Missing Birdseed” take place?

A. at an airport
B. in a hospital
C. outside her window
D. on a mountain trail

93. What problem or challenge is described in “The Missing Birdseed”?

A. A celebration is canceled for no reason
B. Birdseed keeps disappearing
C. The characters cannot remember their names
D. A storm destroys the school

94. How do the character(s) respond to the problem?

A. She observes tracks and watches quietly
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

95. What happens by the end of “The Missing Birdseed”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. She identifies the squirrel and changes the feeder setup

96. Which trait best describes the main character(s) in “The Missing Birdseed”?

A. careless
B. unfair
C. Observant
D. dishonest

97. What lesson is best supported by “The Missing Birdseed”?

A. It is best to give up immediately
B. Careful observation can reveal the cause of a problem
C. People should never listen to others

D. Every problem has the same solution

98. Which detail is specifically included in “The Missing Birdseed”?

A. small tracks
B. a silver crown
C. a broken window
D. a lost passport

99. Which event happens earlier in “The Missing Birdseed”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. she noticed the feeder was empty

100. What is the most reasonable inference from “The Missing Birdseed”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to birdseed keeps disappearing
D. The events have no connection

Hard Questions (50)

Passage: The Mystery Ending

Amira wrote a mystery for a school contest, but her ending felt confusing. Her friend suggested rereading the clues from earlier chapters. Amira noticed that a key introduced near the beginning had never mattered. She revised the final scene so the key opened a desk containing the missing letter, connecting the clues before the deadline.

101. Who is the main character or group in “The Mystery Ending”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Amira

102. Where does the main part of “The Mystery Ending” take place?

A. at an airport
B. in a hospital
C. while writing for a school contest
D. on a mountain trail

103. What problem or challenge is described in “The Mystery Ending”?

A. A celebration is canceled for no reason
B. The story ending does not connect the clues
C. The characters cannot remember their names
D. A storm destroys the school

104. How do the character(s) respond to the problem?

A. She reviews earlier details and revises the ending
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

105. What happens by the end of “The Mystery Ending”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. The key becomes important and the mystery makes sense

106. Which trait best describes the main character(s) in “The Mystery Ending”?

A. careless
B. unfair
C. Reflective
D. dishonest

107. What lesson is best supported by “The Mystery Ending”?

A. It is best to give up immediately
B. Revision can make a story clearer and more complete
C. People should never listen to others
D. Every problem has the same solution

108. Which detail is specifically included in “The Mystery Ending”?

A. the key introduced early
B. a silver crown
C. a broken window
D. a lost passport

109. Which event happens earlier in “The Mystery Ending”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. her friend suggested rereading clues

110. What is the most reasonable inference from “The Mystery Ending”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to the story ending does not connect the clues
D. The events have no connection

Passage: The River Count

Students measured litter near a river after a community cleanup. Their first counts differed because some groups counted leaves and sticks as litter. The class agreed to count only human-made waste and repeated the survey along the same route. The results were easier to compare, though the students knew one visit could not show a long-term trend.

111. Who is the main character or group in “The River Count”?

A. the school principal
B. the students
C. a visiting author
D. a group of strangers

112. Where does the main part of “The River Count” take place?

A. near a river
B. at an airport
C. in a hospital
D. on a mountain trail

113. What problem or challenge is described in “The River Count”?

A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. The groups’ litter counts do not match

114. How do the character(s) respond to the problem?

A. They ignore it completely
B. They blame someone without checking
C. They agree on a definition and repeat the survey consistently
D. They leave and never return

115. What happens by the end of “The River Count”?

A. The problem becomes worse and is abandoned
B. Their results are easier to compare
C. The characters forget what happened
D. Nothing changes at all

116. Which trait best describes the main character(s) in “The River Count”?

A. Methodical
B. careless
C. unfair
D. dishonest

117. What lesson is best supported by “The River Count”?

A. It is best to give up immediately
B. People should never listen to others
C. Every problem has the same solution
D. Consistent methods make evidence more useful

118. Which detail is specifically included in “The River Count”?

A. a silver crown
B. a broken window
C. human-made waste
D. a lost passport

119. Which event happens earlier in “The River Count”?

A. the final outcome
B. the first counts differed

C. the characters celebrate the solution
D. the problem is fully resolved

120. What is the most reasonable inference from “The River Count”?

A. The character(s) learn or act by responding to the groups’ litter counts do not match
B. The character(s) dislike all activities
C. The setting is imaginary
D. The events have no connection

Passage: The Unnamed Painting

At an art show, Priya saw a painting with no name on its label. She thought she recognized the style from a classmate’s sketchbook, but she checked privately with the art teacher before saying anything. The teacher confirmed that the artist had forgotten the label. Priya helped correct it, and the artist later thanked her.

121. Who is the main character or group in “The Unnamed Painting”?

A. the school principal
B. a visiting author
C. a group of strangers
D. Priya

122. Where does the main part of “The Unnamed Painting” take place?

A. at an airport
B. in a hospital
C. a school art show
D. on a mountain trail

123. What problem or challenge is described in “The Unnamed Painting”?

A. A celebration is canceled for no reason
B. A painting has no artist label
C. The characters cannot remember their names
D. A storm destroys the school

124. How do the character(s) respond to the problem?

A. She checks her suspicion privately with the teacher
B. They ignore it completely
C. They blame someone without checking
D. They leave and never return

125. What happens by the end of “The Unnamed Painting”?

A. The problem becomes worse and is abandoned
B. The characters forget what happened
C. Nothing changes at all
D. The label is corrected and the artist receives credit

126. Which trait best describes the main character(s) in “The Unnamed Painting”?

A. careless
B. unfair
C. Thoughtful
D. dishonest

127. What lesson is best supported by “The Unnamed Painting”?

A. It is best to give up immediately
B. Check information before sharing a conclusion
C. People should never listen to others
D. Every problem has the same solution

128. Which detail is specifically included in “The Unnamed Painting”?

A. the missing label
B. a silver crown
C. a broken window
D. a lost passport

129. Which event happens earlier in “The Unnamed Painting”?

A. the final outcome
B. the characters celebrate the solution
C. the problem is fully resolved
D. Priya noticed the painting

130. What is the most reasonable inference from “The Unnamed Painting”?

A. The character(s) dislike all activities
B. The setting is imaginary
C. The character(s) learn or act by responding to a painting has no artist label
D. The events have no connection

Passage: The Changed Route

A bridge on Mateo’s usual route to school closed for repairs. He worried that he would be late, so his grandmother checked the bus schedule and found an earlier connection. They tried it the next day and arrived with time to spare. Mateo admitted the change was inconvenient but manageable with planning.

131. Who is the main character or group in “The Changed Route”?

A. the school principal
B. Mateo and his grandmother
C. a visiting author
D. a group of strangers

132. Where does the main part of “The Changed Route” take place?

A. the route to school
B. at an airport
C. in a hospital
D. on a mountain trail

133. What problem or challenge is described in “The Changed Route”?

A. A celebration is canceled for no reason
B. The characters cannot remember their names
C. A storm destroys the school
D. The usual route is closed

134. How do the character(s) respond to the problem?

A. They ignore it completely
B. They blame someone without checking

Passage: The Debate

Talia wanted vegetables in the school garden because the cafeteria could use them. Marcus preferred flowers because they attracted pollinators. Rather than repeat their opinions, both groups gathered evidence and listened. They agreed to split the garden and review the results after one growing season.
